

Application: Care for your Cul-de-sac

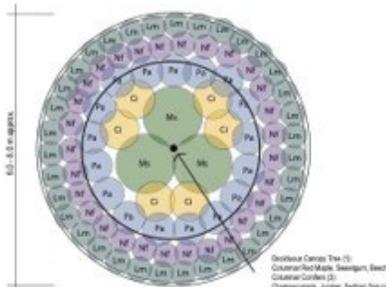

Thank you for your interest in participating in Colwood's 'Care for your Cul-de-sac' program!

Here's how it works:

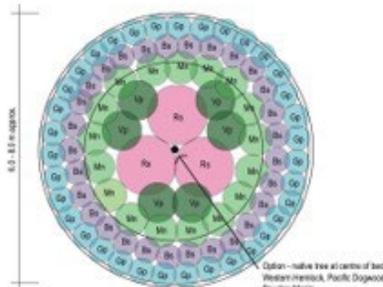

- You and/or a group of neighbours complete the application and send it to gbeauvillier@colwood.ca to start the process.
- The Colwood Parks team will contact you to make a plan and then prepare the cul-de-sac garden bed and plant it according to one of Colwood's cul-de-sac planting plans.
- The Parks team will provide participating neighbours with a brief orientation and a checklist for the care and maintenance of the cul-de-sac garden.
- You and your neighbours spend a little time each week tending to the garden.
- The Checklist will include contact information for when questions arise about caring for the cul-de-sac garden.
- The Parks team will schedule annual visits to replenish the soil, assess plant health, and check in with you and your neighbours to assist as needed.
