Be inspired

Gordon Price, Director of the SFU City Program will talk about successful cities that have been transformed by innovative transportation strategies.

Have creative conversations

Identify transportation challenges and opportunities and imagine new possibilities for Colwood trails, roads, transit options and public spaces.

Meet neighbours over coffee

Connect with others who care about our community and take part in designing the City's future.

Visit colwood.ca/transportation to learn more and participate in surveys and discussions to create a 'made in Colwood' transportation strategy that considers your needs.
