COUNCIL POLICY EXCERPT	☐ Arts, cultural or educational programs or facilities available to the public.
	COUNCIL POLICY EXCERPT

"The purpose of this policy is to allocate limited financial resources and give support to local organizations, within defined parameters; and to guide identification of properties meeting Council's objectives for property assessment exemption.

Council believes it does not have a mandate to spend Taxpayers dollars on charitable organizations or objectives. Council believes that if taxpayers wish to spend their money for this purpose then each individual taxpayer has the opportunity to do so without being compelled to support an organization through their tax dollars. Where Council does give financial support it is to further Council's objective of enhancing the quality of life (economic, social or cultural) in the City by assisting organizations that serve these objectives.

In that context Council may give limited financial support, with the overall amount determined annually during the development of the annual financial plan."

POLICY: TAX001 (Adopted by Council: 2009-11-23)
