

Colwood Connection

May 2013

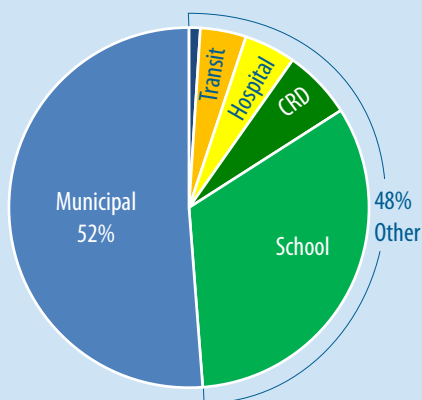

Inviting your involvement in decisions about our vibrant waterfront community.

48%

of the average Colwood residential property tax bill goes to other agencies over which the city has no direct control:

- Provincial School Taxes - 32%
- Capital Regional District - 6%
- Hospital District - 5%
- BC Transit - 4%
- BC Assessment & Municipal Finance Authority - 1%

Did You Know?

Colwood has the 4th lowest property tax rate in the Capital Region.

We're keeping your taxes in check as our community grows

Even with rising costs and many exciting developments and improvements underway, we've worked hard to rein in municipal property tax rates. Most residents will see a modest increase of about 3.43% over last year, which, for the average household, works out to about \$52.

Planning thoughtfully, spending wisely

Using federal gas tax funds and other grants effectively means that the cost of many major planning initiatives, road improvements and park enhancements won't add to your tax burden.

We planned ahead to make major capital purchases before the HST changeover so that Colwood avoided the financial burden that some municipalities now face.

Looking to the future

Developments in the heart of Colwood and the Royal Bay area will bring new residents and businesses to our community.

We've been busy getting ready to welcome this growth.

An **economic development strategy** will guide how we work with businesses to strengthen our financial base.

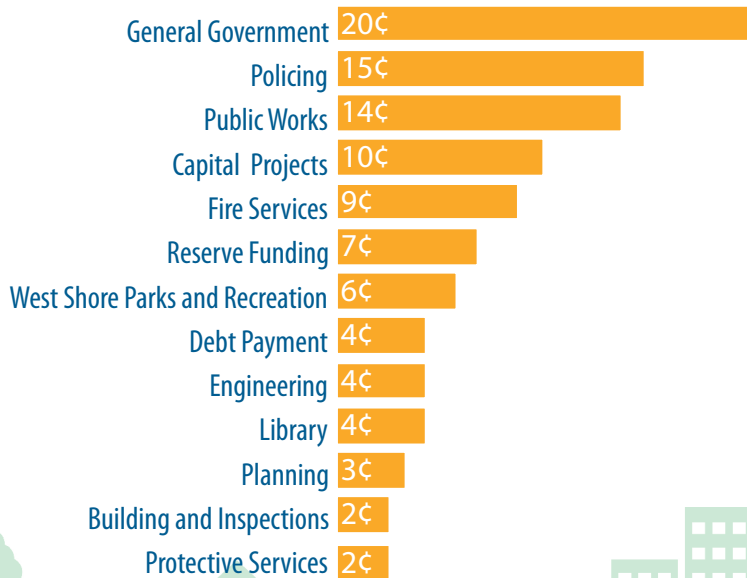

A fresh look at **land use, subdivision and development guidelines** will ensure the unique aspects of Colwood are considered as we grow and prosper.

A **transportation master plan** will help us design effective travel routes that encourage active transportation and create beautiful streetscapes and gathering places that foster a renewed sense of pride in our city.

A **comprehensive communication strategy and new city website** will allow us to reach out to inform and involve you in decisions that affect our community better than ever before. Read more about these plans at colwood.ca.

What city services do your tax dollars pay for?

Each dollar you pay in municipal property tax goes toward funding a variety of services and amenities that help make Colwood a great place to live, work and play. Here's how each dollar breaks down:

Grants

Colwood is proactive in applying for grants and other funding that helps to offset the cost of maintaining and improving our City.

Gas Tax Funds	\$820,588
ICBC Safer Roads Grant	4,500
Heritage Canada Grant	11,800
Donations	12,500

Understanding sewer fees.

- Properties connected to municipal sewers pay a sewer user fee to help keep pipes, infrastructure and equipment in safe working order.
- All Colwood property owners pay a portion of the cost of the planned Capital Regional District (CRD) Regional Sewage Treatment Facility.
- Properties with septic systems pay the CRD Onsite Sewage Parcel Tax which allows the CRD to monitor for safety of septic systems.

Please visit www.colwood.ca for more detail about sewer fees.

Your feedback and ideas are important. I am grateful to the members of our community who take the time get in touch and join us at meetings where decisions are made. I encourage you to connect with us too!
